**STUDENT EVALUATION PLAN**  
**6-8-C20**  
**Army Medical Department Officer Basic Leaders Courses**  
**(OBLC)**

I. **PREFACE.** This Student Evaluation Plan (SEP) establishes the Soldier's responsibilities during this training experience and the graduation criteria. It also states the policies and procedures for the conduct of these 6-8-C20 Army Medical Department Officer Basic Leaders Courses (OBLC). The policies, procedures, and responsibilities prescribed herein apply to all personnel attending these courses. Appropriate enrollment in one of these courses constitutes acknowledgement of responsibilities outlined in this SEP.

II. **COURSE DESCRIPTION.**

A. **SCOPE.**

1. AMEDD Officer Basic Course has been redesigned to reflect the applicable portions of Army Basic Officer Leader Course (BOLC) and is now called AMEDD Officer Basic Leaders Course (OBLC). OBLC trains officers to develop: competency to perform officer/Soldier skills to standard in accordance with (IAW) Training and Doctrine Command (TRADOC) Regulation (TR) 351-10; an understanding of Army organizations, operations and procedures; an ability to apply the concepts of Force Health Protection and leader skills, to include an ability to analyze and solve military problems; an ability to communicate, interact and coordinate as a staff member; military survival skills for the contemporary operating environment; and AMEDD-specific training which culminates in a Force Health Protection field training exercise.

2. The first 7-weeks of this course consist of common core training followed by Area of Concentration (AOC)-specific training, as follows: 6-8-C20 AN66 (2 weeks), 6-8-C20 DC63 (2 weeks), 6-8-C20 MC60-62/MS67G/71F (1 week), 6-8-C20 MS67E (2 weeks), 6-8-C20 MS67F (1 week), 6-8-C20 MS70B/67J (2 weeks), 6-8-C20 MS71ABE (2 weeks), 6-8-C20 MS72A (2 weeks), 6-8-C20 MS72BDE (2 weeks), 6-8-C20 MS72C (2 weeks), 6-8-C20 MS73AB (2 weeks), 6-8-C20 SP65ABC (1 week), 6-8-C20 SP65D (2 weeks), 6-8-C20 VC64 (5 weeks).

3. Military Education Level (MEL)-G (formerly MEL-7) credit is awarded upon successful completion of Officer Basic Leaders Course (OBLC) in compliance with requirements of Initial Entry Training mandated by Title 10, U.S. Code.

B. PREREQUISITES.

1. Prerequisites are IAW AR 350-1 and DA PAM 611-21.

2. To attend, officers must be entry level, AMEDD commissioned officers, including those who are members of the Active-Guard Reserve (AGR) Program. They must not have received credit for any other AMEDD Officer Basic Course.

a. All AMEDD officers (both Active and Reserve Component) with Areas of Concentration (AOC) of 70B and 67J will attend 01A-7-C20, Basic Officer Leader (Army BOLC II), followed by 6-8-C20 BOLC 3 (MS70B/67J).

b. All Active Duty officers with an AOC of 65D will attend BOLC II, followed by 6-8-C20 BOLC 3 (SP65D) (i.e., Specialist Corps (PA) Officer Basic (BOLC 3)). Reserve Component (RC) 65D will attend 6-8-C20 AMEDD OBLC (RC) (i.e., AMEDD Officer Basic Leaders Course (RC)).

c. Direct-commissioned officers with no prior Army service or pre-commissioning training (i.e., U.S. Military Academy, ROTC, Officer Candidate School) within the past 4 years will also their appropriate AOC-specific OBLC.

d. Other AMEDD officers may attend 01A-7-C20, Basic Officer Leader (Army BOLC II) on a space available basis if they meet Army BOLC prerequisites.

3. Officers will not be enrolled in this course if they have a medical or physical condition, or a valid physical profile (to include a pregnancy profile), that precludes them from participating in field training exercises or Army physical fitness training.

C. COURSE LENGTH.

1. Peacetime:

a. Seven weeks of common core training for all AMEDD Corps immediately followed by 1-5 weeks of AOC-specific training. (See paragraph IIA2, above.)

b. Only the Veterinary Corps' AOC-specific training exceeds 2 weeks; it is 5 weeks in length.

2. Mobilization: Same as Peacetime.

#### D. SERVICE OBLIGATION.

1. Active Component officers incur no additional service obligation for course attendance, IAW AR 350-100.

2. Army National Guard (ARNG) and U.S. Army Reserve officers are governed by AR 135-200. ARNG officers are also governed by NGR 351-1.

#### E. PREGNANCY POLICY.

1. Because some of the training circumstances can cause danger to a pregnant Soldier and/or her unborn child, female Soldiers will not be enrolled if they are pregnant on the start day of the course.

2. If a Soldier becomes pregnant, or discovers she is pregnant while enrolled in the course, she will be processed IAW AR 635-100. The Commander of A Company, 187<sup>th</sup> Medical Battalion, in conjunction with an obstetrician and the OBLC Program Director, will decide if the Soldier can continue the training.

**III. COURSE REQUIREMENTS.** All portions of OBLC are graded PASS/FAIL. Soldiers must meet or exceed both the Academic and Nonacademic Standards stated in paragraphs IIIA-B, below, to PASS this course and receive "Achieved Course Standards" on their Academic Evaluation Report (AER) (i.e., DA Form 1059). This requires passing the Academic portion of the common core and AOC-specific portions of this course, including all the FTXs, as applicable. Soldiers must also receive a rating of "Satisfactory" on a majority of their assigned leadership positions (to include their last rated leadership position), meet Army height and weight standards, and pass the Record Army Physical Fitness Test (RAPFT) by the end of their AOC-specific training or any extensions, as noted in paragraphs IIIA-B, below. (Also see paragraph IX.)

#### A. ACADEMIC STANDARDS.

1. Soldiers must achieve or exceed a cumulative average of at least 70.00% on the written examinations (see paragraph IXB, below).

2. Field Training Exercises (FTX). Soldiers must also participate in and complete all portions of the FTXs, attaining a "GO" or satisfactory performance in all FTX events. The FTXs require extensive walking, evaluating and moving simulated casualties, firing weapons, and wearing a chemical protective mask and chemical protective equipment while in an NBC confidence chamber.

a. Soldiers must participate and receive a "GO" in the following areas:

- (1) Navigate from one point to another (Mounted).
- (2) Navigate from one point to another, Day (Dismounted).
- (3) Navigate from one point to another, Night (Dismounted).
- (4) M16 assembly/disassembly/functions check/correct malfunction.
- (5) M9 assembly/disassembly/functions check/correct malfunction.
- (6) SINCGARS.
- (7) Perform voice communications (MEDEVAC).
- (8) Don protective mask/clear and seal.
- (9) Perform voice communications (SITREP/SPOTREP).

b. Soldiers must participate and have satisfactory performance in the following areas:

- (1) Confidence Course.
- (2) Urban Operations movement techniques.
- (3) Enter and clear a building.
- (4) Leader Reaction Course.
- (5) Individual movements.
- (6) Basic squad movements and battle drills.
- (7) Convoy operations.
- (8) Media on the battlefield.
- (9) Engage targets with M16.
- (10) Engage targets with M9.
- (11) Combatives.

(12) Forward Operating Base (FOB) Security Operations.

(13) Grenade Assault Course.

(14) Tactical Road March.

(15) Force Health Protection Levels I, II, & III.

3. Homework Assignments will be graded as "GO"/"NO GO."

a. Soldiers must complete, turn in and attain a "GO" on all homework assignments to successfully meet the academic standards.

b. Soldiers will be required to resubmit homework that is not completed to standard.

#### B. NONACADEMIC STANDARDS.

1. Physical Fitness. Soldiers are expected to maintain themselves in a good state of physical fitness. Physical fitness standards and procedures are IAW, AR 350-1, Army Training and Leader Development; AR 600-8-2, Suspension of Favorable Personnel Actions (Flags); AR 600-9; The Army Weight Control Program and Interim Change (101), dated 27 Nov 06; DA Pam 600-8-101, Personnel Processing (In-, Out-, Soldier Readiness, Mobilization and Deployment Processing); AMEDDC&S & FSH Reg 351-12, Enrollment, Relief, New Start/Recycle, Administrative Disposition, and Counseling of Student Personnel; and FM 21-20, Physical Fitness Training, as appropriate.

2. Body Composition (Height and Weight). Soldiers must meet height and weight standards IAW AR 350-1, AR 600-9, or AMEDDC&S & FSH Reg 351-12, as applicable. This paragraph is subject to change IAW Updates and Changes of Army regulations.

a. Soldiers will be weighed within the first 72 hours of the beginning of this course. If they exceed the screening table weight during the initial weigh-in, they will have a determination made of their percent body fat content IAW AR 600-9.

b. Soldiers who exceed the maximum allowable percent body fat standards will:

(1) Be enrolled in the Army Weight Control Program IAW AR 600-9.

(2) Have their records flagged, prohibiting any favorable personnel actions to include, but not limited to, promotion to the next higher rank.

3. Army Physical Fitness Test (APFT). Soldiers must take and pass the Record APFT (RAPFT) to graduate from and receive credit for this course, IAW AR 350-41 (unless granted a waiver or deferment IAW AMEDDC&S & FSH Reg 351-12).

a. The RAPFT will be administered at least twice during the course; once at the beginning of the common core and again at the end of the common core. Soldiers must achieve a minimum score of 60 points per event, and 180 minimum total points to pass the RAPFT. Soldiers will be enrolled in a Remedial Physical Training Program if they score less than 60 points on any RAPFT event.

**NOTE:** The points scored on the RAPFT will not count toward their academic average.

b. Soldiers who meet academic course requirements, but fail to meet Army standards for the RAPFT by the end of their AOC-specific course:

(1) Cannot graduate from the course until they pass a RAPFT.

(2) Will not be eligible for academic awards.

(3) Will be considered for relief/recycle or hold over.

c. United States Army physical fitness and weight standards do not apply to international, or other military service students. International students may participate in physical fitness training on a voluntary basis. Failure to achieve the minimum passing score on the physical fitness test will not be noted on international students' academic reports, but voluntary participation and passing test scores may be noted.

d. Unless granted a waiver, Soldiers who have not passed an RAPFT prior to graduation may be retained for remedial training as the chain of command determines.

e. A Company, 187<sup>th</sup> Medical Battalion, is responsible for follow-up of RAPFT holds, to include Soldiers returned to their unit. Documentation must be posted on the Fitness Tab in AIMS-PC.

#### 4. APFT Waivers.

a. Commanders will evaluate, on an individual basis, soldiers who fail to attain APFT standards.

(1) Remedial APFT and/or new start/recycle are considered appropriate measures for soldiers who fail to achieve minimum standards. Soldiers who continually fail to meet minimum standards will receive remedial training.

(2) Soldiers with physical limitations will be considered for medical profile. Soldiers without medical profile who repeatedly fail to meet standards after remedial training may be considered for elimination.

(3) Soldiers receiving temporary or permanent physical profile limitations after enrolling in this course will be evaluated by commanders for continued enrollment. Soldiers, who are unable to meet graduation requirements will be returned to their units and may, if eligible, re-enroll at a later date.

b. Prior-Service Soldiers. Those prior-service soldiers who do not pass the RAPFT by the course end date and do not have a medical profile are not granted a waiver. A statement in the comments section of their AERs will indicate that they failed to successfully pass the RAPFT and, therefore, failed to achieve course graduation requirements.

#### c. Active Duty Officers:

(1) The Commander, 187<sup>th</sup> Medical Battalion, may hold Soldiers past the course closing date for a period not to exceed 15 days in which to pass the Record APFT.

(2) If after this period they have not been able to pass this RAPFT, the Commander, Center Brigade, may approve that they be held over in an administrative status one more 15-day period (for a maximum of 30 days) to pass the RAPFT.

(3) If at the end of the extension period(s) (maximum of 30 days) Soldiers take the RAPFT but do not pass it, they fail the course.

#### d. Direct-commissioned officers.

(1) The Commandant, Academy of Health Sciences (AHS), may waive RAPFT and body composition requirements as prerequisites for course completion.

(2) Only direct-commissioned officers who have made significant progress in meeting these standards are eligible for this waiver.

(3) Officers will be counseled, in writing, by their Academic Counselor on their responsibility to meet these standards.

(4) APFT-deferred students have up to 180 days from the starting date of this course to meet APFT standards in all events.

(5) Graduation credit and branch qualification are withheld until officers meet APFT standards and record of passing scores on the RAPFT are received by the Registrar, Department of Academic Support and Quality Assurance, AHS.

(6) Signature by the first Lieutenant Colonel (O-5) in the gaining unit chain of command is required on all deferred RAPFT score reports.

e. Reserve Component (RC).

(1) RC officers enrolled in this course who have met all academic requirements but fail to pass the RAPFT by the course end date may be held over for RAPFT failure, as stated above, but ONLY with the concurrence of the RC Advisor.

(2) If they are not held over, but returned to their units, they have 180 days from the start date of their course to pass the RAPFT. (See paragraphs IIIB4d and IXF, below.)

f. A request for deferment/waiver, AMEDDC&S & FSH Form 29 (to include documentation of a prior-passed RAPFT, if one exists) will be initiated by the Class Advisor or Program Director; routed through Commander, A Company; Commander, 187<sup>th</sup> Medical Battalion; and Commander, 32d Medical Brigade; then forwarded to the Commandant, AHS for approval.

g. A Company, 187<sup>th</sup> Medical Battalion is responsible for follow-up on RAPFT holds to include soldiers returned to the unit. Documentation must be entered in AIMS-PC.

h. All other Active Duty officers. Unless granted a waiver, Soldiers in this category who have not passed an RAPFT prior to graduation may be retained for remedial training passed the course end date as the chain of command determines.

(1) The Commander, 187<sup>th</sup> Medical Battalion, may hold Soldiers past the course closing date for a period not to exceed 15 days in which to pass the RAPFT.

(2) If after this period they have not been able to pass this RAPFT, the Commander, 32d Medical Brigade, may approve that they be held over in an administrative status one more 15-day period (for a maximum of 30 days) to pass the RAPFT.

(3) Those Soldiers who do not pass the RAPFT by the end of the extension period(s) (maximum of 30 days) will have their AER marked "Failed to Achieve Course Standards" IAW AMEDDC&S & FSH Reg 351-12, indicating they failed the course.

i. If Soldiers failed to pass the first RAPFT and cannot take the second RAPFT due to a physical profile, and their profile plus allowable recovery period extends beyond the 30-day hold over period, they will be considered for relief, recycle, or released to their gaining command IAW AMEDDC&S & FSH Reg 351-12. If released to their gaining command, their AER will be annotated "Failed to pass the RAPFT due to having a valid physical profile." The AER will be marked "Failed to Achieve Course Standards" IAW AMEDDC&S & FSH Reg 351-12, indicating they failed the course.

5. Leadership. Soldiers must achieve a rating of "Satisfactory" on a majority of their assigned leadership positions, to include their last rated leadership position.

6. Class Attendance. Attendance is mandatory for all classes, to include those conducted on weekends. Only the Class Advisor or Program Director grants approval to be excused from any scheduled training.

a. PASSES/LEAVES.

(1) Passes are considered on an individual basis and must be recommended by the Class Advisor.

(2) Leaves are considered on an individual basis and must be recommended by the Class Advisor to the Commander, A Company, 187<sup>th</sup> Medical Battalion, IAW A Company's Policy Letter #9 (Pass/Leave Procedures).

b. MEDICAL BOARDS. Soldiers may take leave for the purpose of taking medical board examinations with the concurrence of the Program Director.

(1) Soldiers must obtain approval for such leave by completing and submitting a DA Form 31 (Request and Authority for Leave) to the Commander, A Company.

(2) Soldiers may not depart until receiving their copy of the DA Form 31 signed by the Commander, A Company.

(3) No more than 24 hours of missed scheduled training time will be permitted.

(4) Soldiers are required to make up any missed training.

c. MEDICALLY RELATED ABSENCES.

(1) In the event of a **MEDICAL EMERGENCY**, Soldiers must notify their student chain of command, Class Advisor, and their TAC Officer, A Company, 187<sup>th</sup> Medical Battalion, IAW A Company's Policy Letter #3 (Sick Call Procedures), as soon as possible. Medical emergencies include any non-scheduled visits to the Troop Medical Clinic (TMC) or the Emergency Room at Brooke Army Medical Center (BAMC).

(2) Soldiers who become ill after duty hours (excluding medical emergencies), must attend the morning formation, and then go on Sick Call. Self-diagnosis, self-treatment, and/or buddy-treatment are not authorized, regardless of Soldiers' medical qualifications.

(3) Soldiers must notify their student chain of command if going on Sick Call or are scheduled for a medical appointment. This notification may be made in person, in writing, or telephonically. Soldiers must call the Staff Duty Officer, AMEDD Center and School (221-1144) if after duty hours.

(4) If placed on quarters because of medical treatment (which requires that an Individual Sick Slip, DD Form 689, be issued by the military treatment facility), the Class Advisor and Commander, A Company, 187<sup>th</sup> Medical Battalion, must be notified immediately.

(5) If Soldiers are placed on profile restricting duty or physical activities, a copy of that profile (DA Form 3349), completed IAW Chapter 7, AR 40-501 (which outlines specific restrictions and capabilities) must be signed by the A Company Commander and a copy provided the Class Advisor. Incomplete or inaccurate profiles will not be accepted.

d. UNAPPROVED ABSENCES. If Soldiers have an unapproved absence (i.e., absent themselves from the course for any reason

without prior signed authorization), they are subject to being relieved from the course, punished under the Uniform Code of Military Justice (UCMJ), or both, IAW AMEDDC&S & FSH Reg 351-12.

e. LEAVE UNDER EMERGENCY CONDITIONS. To obtain this type of leave (e.g., the death of an immediate family member), Soldiers must follow the guidelines of A Company's Policy Letter #9 (Pass/Leave Procedures), and notify the Soldier chain of command, Class Advisor, and Commander, A Company, 187<sup>th</sup> Medical Battalion. Such absence may require disenrollment.

#### 7. STANDARDS OF CONDUCT.

a. Soldiers will conduct themselves IAW the standards of conduct as outlined in AMEDDC&S & FSH Reg 351-12 and the Uniform Code of Military Justice (UCMJ).

b. The Program Director may recommend relief from the course for personal misconduct. Examples that may justify relief include, but are not limited to: cheating, plagiarism, disrespectful behavior, improper personal appearance, substance abuse, insubordination, etc., as addressed in AMEDDC&S & FSH Reg 351-12. Soldiers will remain in training, however, until the action is complete and the Brigade Commander renders a decision.

c. Soldiers must avoid illegal associations as defined in Policy Memorandum #5 (Illegal Associations) of the 32d Medical Brigade, US Army Medical Department Center and School, and A Company's Policy Letter #6 (Good Order and Discipline).

C. ELIGIBILITY FOR DIPLOMA. Soldiers are eligible to receive a diploma only after satisfactory completion of all academic and nonacademic requirements of OBLC, to include the appropriate AOC-specific training, as stated in paragraphs IIIA-B, above, and paragraph X, below.

IV. **PURPOSES OF EXAMINATIONS.** The purposes of examinations during this course include, but are not limited to the following:

A. Monitoring Soldier progress and competence in meeting course objectives, with emphasis on early detection of marginal/unsatisfactory performance.

B. Providing Soldiers with feedback on their demonstrated academic progress and achievement.

C. Advising them of their demonstrated academic and military professional strengths and weaknesses.

D. Measuring the degree to which Soldiers have achieved the objectives of the course.

E. Supporting decisions for academic counseling, Academic or Nonacademic Probation, and relief or recycle.

F. Providing feedback to the Program and Course Director on the effectiveness of instruction and instructional materials as part of continuous course evaluation and quality improvement. (The Chief, Leader Training Center, Academy of Health Sciences, is the Course Director for all Officer Basic Leaders Courses).

## **V. POLICIES AND PROCEDURES.**

A. ACADEMIC COUNSELING. Academic counseling and documentation procedures will be IAW AR 623-3, DA PAM 623-3, and AMEDDC&S & FSH Reg 351-12.

1. Soldiers will be assigned a Platoon Advisor as their Academic Counselor at the beginning of the course. He/she will conduct Academic Counseling throughout the course to afford opportunities to review academic progress with their Soldiers, in order to positively affect their Soldiers' academic development and professionalism.

2. Platoon Advisors will write their Soldiers' AERs. (See paragraph IX, below).

3. Soldiers are encouraged to request academic counseling from their Platoon Advisor at any time during the course.

## **B. EXAMINATIONS/EVALUATIONS.**

1. Examinations are:

a. Composed of questions that sample all aspects of course material. All instruction is cumulative and testable, including instruction presented in class, handouts, practical exercises, self-study assignments, and homework.

b. Objective in nature (i.e., scenario based, multiple choice, and/or matching) and are prepared with primary reference to instructional objectives.

2. Field Training Exercises.

a. The FTX includes evaluation of Soldiers' ability to perform individual performance tasks (such as land navigation, communications, nuclear, biological, and chemical protection, weapons, and evacuation, etc.).

b. Soldiers will be tested under field conditions.

c. Those Soldiers placed on a valid physical profile during the course will still participate in, and be evaluated on those portions of the FTX allowed by their profile.

3. Leadership. Soldiers will be evaluated in all leadership positions, including, but not limited to the FTX, physical training (PT), and administrative.

C. REMEDIAL TRAINING/RETESTING. All efforts will be taken to ensure that Soldiers are successful. Appropriate remedial training and retesting will be conducted IAW TRADOC PAM 350-70-5, and performed before or after normal duty hours, as coordinated by the Platoon Advisor.

1. Written Examinations.

a. Remedial training of subject matter and appropriate retesting will be conducted on a case by case basis, as determined by the Program Director, with approval from the Course Director.

b. A score of 70.00% is the maximum a Soldier can achieve on a retest.

c. If any international Soldiers are enrolled and attend this course, they are allowed up to one and one-half times the amount of time allowed U.S. officers to take a written examination, IAW AMEDDC&S Pam 1-5.

2. The Field Training Exercise includes an evaluation of Soldiers' ability to perform individual performance tasks.

a. All Soldiers will be retested under field conditions.

b. Soldiers placed on a valid physical profile during the course will still participate in, and be evaluated on those portions of the FTX allowed by their profile.

c. If a Soldier fails the retest, but demonstrates that he/she is making satisfactory progress, the Class Advisor, with the approval of the Program Director, may award constructive credit.

D. SOLDIERS AT RISK. Soldiers' progress will be monitored, evaluated, and documented in their student record. Soldiers will be counseled in writing IAW AMEDDC&S & FSH Reg 351-12 if placed on probation.

1. The purpose of probation is to:

- a. Help Soldiers identify performance problems and their potential consequences should correction not occur.
- b. Advise Soldiers of ways to improve their performance.
- c. Provide them a means by which to measure improvement.

2. Academic Probation.

a. Soldiers' academic performance is evaluated after the first examination. Soldiers will be placed on Academic Probation if they score below 70.00%. They will be counseled in writing IAW AMEDDC&S & FSH Reg 351-12 and enrolled in mandatory remedial/additional training if placed on Academic Probation.

b. Thereafter, Soldiers will be placed on Academic Probation any time their overall average drops below 70.00% or they are at risk of failing the FTXs during the course.

c. Soldiers will not be allowed to participate on any OBLC committee if they are placed on Academic Probation.

d. They will be removed from Academic Probation when their Platoon Advisor determines they are making satisfactory progress.

3. Nonacademic Probation.

a. Soldiers may be placed on Nonacademic Probation for failing to meet the nonacademic course requirements listed in paragraph IIIB.

b. This probation will remain in effect for the period specified in the written probation notice.

4. Progress during Academic and/or Nonacademic Probation will be monitored and evaluated by the Platoon Advisor and Class Advisor, and will be documented in the Soldiers' records.

E. RELIEF/RECYCLE. Reasons and procedures for relief/recycle, as well as the appeal/rebuttal process, are described in AR 600-8-24 and AMEDDC&S & FSH Reg 351-12.

1. The Class Advisor may recommend a Soldier for relief/recycle actions to the Program Director and Course Director for the following reasons:

a. Academic Relief/Recycle:

(1) Failure to demonstrate the minimum training competencies described in paragraph IIIA, above, to include failure of any examination, or other PASS/FAIL events (to include failure of an FTX), and failing to make academic progress.

(2) Determination that a Soldier received unauthorized assistance (to include plagiarism) in doing homework or examinations.

b. Nonacademic Relief/Recycle:

(1) Physical Fitness: Failure to adhere to the Nonacademic Standards as described in paragraph IIIB.

(2) Soldiers will be disenrolled if they miss more than 24 hours of scheduled training time (i.e., time Soldiers are normally scheduled for classroom or FTX training; not unscheduled after duty hours).

(3) Personal behavior/conduct unbecoming an officer that occurs either on- or off-post. Such misconduct is defined in AMEDDC&S & FSH Reg 351-12.

(4) Extended absences: Emergency Leave, hospitalization, incarceration, illnesses/injuries causing a Soldier to be "On Quarters" for more than 24 hours of scheduled training time, etc.

(5) Physical profile that precludes participation as stated in paragraph VB, above, to include inability to satisfactorily participate in the FTX.

(6) Unapproved absences.

2. Soldiers may be relieved from Active Duty or Active Duty for Training, and may have their commission withdrawn IAW AR 600-8-24, for failing to achieve course standards due to disciplinary, academic, or leadership deficiencies.

3. Soldiers placed on a valid physical profile (to include pregnancy profile) while attending the course, and are unable to fully participate in the course, may be disenrolled or recycled for possible attendance of OBLC at a later date.

VI. **APPEAL PROCESS.** Soldiers who experience difficulty in meeting OBLC standards and are recommended for new start or relief from the course have a right to appeal such action through appropriate channels IAW AMEDDC&S & FSH Reg 351-12. Soldiers

must exercise this right within three duty days after being notified of pending actions. Soldiers will remain in training until a final decision is completed by the Brigade Commander.

**VII. SPECIAL RECOGNITION.** Soldiers may be recognized for outstanding achievement in OBLC IAW AMEDDC&S and FSH Reg 351-10.

A. Lynch Leadership Award. This award will be given the last class day prior to the beginning of AOC-specific training.

1. To be considered for this award, a Soldier must:

a. Be nominated by their Platoon Advisor based on their demonstrated leadership skills, knowledge, and attitude.

b. Be chosen by classmates from the list of nominations.

c. Achieve a score of 270 on their RAPFT, scoring 90 points or higher on each event.

d. Meet course standards.

e. Not have received any recurring adverse written counseling.

f. Not receive an Unsatisfactory on any leadership positions.

g. Be approved by the Class Advisor based on a Soldier's demonstrated leadership skills, knowledge, and attitude.

h. Be approved by the Program Director.

2. The winner's name will be engraved on a plaque that hangs in the Leader Training Center in recognition of this accomplishment.

B. Physical Training Award. This award will be given at the end of the common core for the top male and top female scores. To be considered for this award, Soldiers must:

1. Meet course standards.

2. Have achieved the highest RAPFT score for their gender in their class on the initial test. RAPFT must be administered here at FT. Sam Houston for any individual that competes for any award.

3. Not have received any recurring adverse written counseling.

C. The President's Fitness Award (patch) will be given to those who achieved 90 or more points on each event.

D. There is no approved Special Recognition of Soldiers during AOC-specific training.

**VIII. PROCEDURES FOR ARMY STUDENTS TO OBTAIN DOCUMENTATION OF ACADEMIC COMPLETION.**

A. THE ARMY/AMERICAN COUNCIL ON EDUCATION REGISTRY TRANSCRIPT SYSTEM (AARTS). AARTS represents a partnership between the Army and the American Council on Education (ACE). The AARTS transcript documents Soldiers' formal military schooling and experience. It provides college credit recommendations designed to help Registrars and Admission Officers at civilian schools, colleges, and universities in their evaluation and award of credit for Soldiers' military learning experiences.

1. Soldiers must furnish documents specified in the ACE Guide to the civilian school(s) from which they want to receive credit when applying for college credits.

2. The civilian school(s) decides on acceptance of ACE credit recommendations and hours to be credited.

**B. AARTS TRANSCRIPT.**

1. A Soldier must do one of the following to obtain an AARTS transcript:

a. Visit the AARTS web site at <http://aarts.army.mil>

b. Mail or fax a written, signed request or completed DA Form 5454-R to:

AARTS Operations Center  
415 McPherson Avenue  
Ft. Leavenworth, KS 66027-1373  
Fax: (913) 684-2011 or DSN 552-2011

c. Telephone AARTS at:

Toll-free: (866) 297-4427  
DSN: 552-3269

2. Contact the Registrar's office of the AMEDD Center and School at (210) 221-6207 if further information is needed.

**IX. ACADEMIC EVALUATION REPORT (AER) (DA Form 1059) .**

**A. General.**

1. Soldiers, upon completion of their respective course, receive one Service School Academic Evaluation Report (AER) (written by their Platoon Advisor) which reflects their participation during their AOC-specific OBLC.

2. Separate AERs will not be generated for the AOC-Specific portion of OBLC training, IAW AR 623-3. However, a comment about a Soldier's satisfactory or unsatisfactory performance during AOC-specific training may be included with the approval of the Program Director.

**B. BLOCK 13, PERFORMANCE SUMMARY.**

1. Block 13b, "Achieved Course Standards," is annotated if the Soldier:

a. Achieved a minimum of at least 70.00% on written examinations, (See paragraph IIIA above).

b. Satisfactorily participated in the FTX Task Performance Evaluation.

c. Received a rating of "Satisfactory" in his/her evaluated leadership position.

d. Passed the Record Army Physical Fitness Test (RAPFT) by the end of his/her AOC-specific Course.

e. Met Army standards for appearance, attitude, conduct and/or behavior, to include Army height and weight standards.

2. Block 13d, "Failed to Achieve Course Standards." AERs in this category contain potentially career-damaging information and must be referred to the Soldier for comment before submission through administrative channels. (Relief or recycle actions will be determined IAW AMEDDC&S & FSH Reg 351-12.) This block is annotated if the Soldier:

a. Failed to achieve academic standards of at least 70%.

b. Failed to receive a rating of "Satisfactory" in his/her evaluated leadership position.

c. Did not satisfactorily participate in the FTX Task Performance Evaluation.

d. Failed one or more portions of Nonacademic Standards (e.g., Army standards for appearance, attitude, conduct or behavior, or failed the RAPFT after the extensions provided IAW AMEDDC&S & FSH Reg 351-12; see paragraph IXF, below).

e. Was removed from the course.

f. Failed to meet standards in his/her appearance, attitude, conduct and/or behavior.

C. BLOCK 14, DEMONSTRATED ABILITIES.

1. Block 14c, "Leadership Skills," will be annotated on the AER as "Outstanding", "Satisfactory" or "Failed to Meet Course Standards," depending on Soldiers' performance in their leadership positions.

a. Soldiers will receive a "Superior" rating if they demonstrated consistently outstanding leadership in a multitude of environments, as evaluated by their Platoon Advisor.

b. Leader Development Branch staff may also submit evaluations of Soldiers' leadership abilities for those who demonstrated consistently outstanding leadership in environments other than formal leadership positions. Such evaluation must be submitted with appropriate written justification through the Class Advisor to the Program Director for an exception to policy.

2. Block 14d, "Contribution to Group Work," will be annotated "Not Evaluated."

3. Block 14e, "Evaluation of Student's Research Ability," will be annotated "Not Evaluated."

4. If the Soldier has any unsatisfactory evaluations in Block 14, he/she will receive an adverse/referred AER (see AR 623-3).

D. BLOCK 15, ACADEMIC POTENTIAL.

1. The "YES" block is marked if the Soldier "Satisfactorily Achieved Course Standards."

2. The "NO" block is marked if the Soldier "Failed to Achieve Course Standards."

3. If the "NO" block is marked, the AER contains potentially career-damaging information and must be referred to the Soldier for comment before submission through channels.

E. BLOCK 16, COMMENTS.

1. Comments are mandatory in this block if the Soldier:

a. Received a "Failed to Achieve Course Standards" rating in Block 13. Such a rating must be supported with written justification in this block.

b. Achieved at least 90 points in each event for a total of 270 points or above on the RAPFT.

c. Received a "Superior" or "Unsatisfactory" rating in Block 14. (Either of these ratings must be supported with written justification in this block.)

d. Received the Lynch Leadership Award.

e. Received the PT Award given at the end of the common core for the top male or top female score.

2. Comments are optional if the Soldier received a "Satisfactory" rating in Block 14.

3. The Program Director and/or the Class Advisor may provide other appropriate comments.

4. All comments are subject to final approval by the Course Director, or his designated representative.

F. FAILURE TO MEET APFT STANDARDS.

1. Soldiers meeting academic course requirements, but failing APFT standards will not be considered academic course graduates or receive MEL-G credit. (See paragraph 3)

2. Direct-commissioned officers.

a. A Memorandum for the receiving commander, outlining deficiencies, will be sent to the gaining command of the Direct-commissioned officers who have failed to meet APFT standards.

b. Unit commanders then have 180 days from the course start date to ensure their Soldiers correct the deficiencies and meet the APFT standards.

c. These Soldiers' AERs and diplomas will be held by the Academy of Health Sciences (AHS) until the first Lieutenant Colonel (O-5) level commander in the Soldiers' chain of command verifies the Army standards have been met.

d. If the Soldiers meet the Army standards and their command submits to AHS within the 180-day time limit the required supporting documents for meeting APFT standards, AHS will issue the Soldiers' diplomas and AERs. The AERs will be annotated "Achieved Course Standards."

e. If a Soldier fails to meet any of the standards by the end of the 180 days:

(1) No diploma will be issued.

(2) Block 16 of the AER will be annotated: "Soldier met academic requirements, but repetitively failed to meet APFT standards IAW AR 350-1."

(3) Block 13d, "Failed to Achieve Course Standards" will be marked to show that the Soldier failed the course.

(4) The closed AER will then be issued to the Soldier.

G. **ADDITIONAL INFORMATION.** Soldiers may obtain additional information concerning Academic Evaluation Reports by referring to AR 623-3 and DA PAM 623-3.

X. **AWARDING OF DIPLOMA.** Soldiers will receive a diploma, awarding Military Education Level-G (MEL-G) credit only upon satisfactory completion of all academic and nonacademic requirements, as stated in paragraphs III and IX.

XI. **OUT-PROCESSING.** Departments in charge of each OBLC Course are responsible for notifying the Leader Development Branch, and A Company, 187<sup>th</sup> Medical Battalion, of the Soldiers who have satisfactorily completed their AOC-specific course. Soldiers are then responsible to out-process through A Company to obtain their Diploma and their Academic Evaluation Report.

**I. PURPOSE.** To provide newly commissioned Army Medical Department (AMEDD) Nurse Corps officers with a professional foundation in the AMEDD's Leader Development Program.

**II. DESCRIPTION.**

A. PREREQUISITES. To attend the course, all Soldiers must be Active Duty Army Nurses, AMEDD commissioned officers, including those in the Active-Guard Reserve (AGR) Program.

B. LENGTH is 9 weeks: 7 weeks of AMEDD common corps training, followed by 2 weeks of AOC-specific training.

**III. REQUIREMENTS.**

A. Didactic Training.

1. The AOC-specific portion of this course involves attending the Trauma Nursing Core Course (TNCC) which has a testable component.

2. Soldiers will be administered a closed book, 50-question multiple-choice test which requires them to apply the knowledge/information learned during the course.

3. The required passing score is 80% or better.

B. Skill Stations. In addition, Soldiers will be required to achieve a total score of at least 70% on the TNCC skill stations to receive certification.

C. Failure of the TNCC written examination or skill stations will not result in a recommendation for relief from OBLC.

B. **LENGTH** is 9 weeks: 7 weeks of AMEDD common corps training, followed by 2 weeks of AOC-specific training.

**III. REQUIREMENTS.** Soldiers are required to fulfill the following responsibilities:

A. Attend all scheduled course presentations/activities. The location of some of the training/activities will change from time to time; therefore, it is the Soldier's responsibility to review the schedule and be at the correct location on any assigned day.

B. Contribute to discussions and provide input based on personal expertise and experience.

C. Provide feedback to the Course Director on the effectiveness of the instruction and instructional materials. Soldiers may also be asked during the AOC-specific portion of the course to provide feedback on various survey forms. It is important that Soldiers provide honest, pertinent feedback as it will be used to enhance the training for future classes.

IV. **CERTIFICATE OF COMPLETION.** Soldiers do not receive a certificate of completion for the AOC-specific portion of this course.

---

**I. PURPOSE.** To provide newly commissioned Army Medical Department (AMEDD) Veterinary Corps officers with a professional foundation in the AMEDD's Leader Development Program.

**II. DESCRIPTION.**

**A. SCOPE.**

1. This course provides Active Component Veterinary Officers (VC64) with additional skills in the areas of Food Safety and Defense, Military Veterinary Medicine, and Public Health. It includes implementation of a Veterinary Service (Installation) Support Plan; performance of food inspection

procedures; management of a Veterinary Treatment Facility; performance of critical veterinary medical and surgical procedures; management of medical care for Military Working Dogs and other Government Owned Animals; planning and conducting section level training and operations; and employment of leadership skills as OIC of a veterinary section.

2. Soldiers will receive Commercial Sanitary Audit (Phase 1) Certification and Continuing Medical Education (CME) Credits upon successful completion of the course.

**B. PREREQUISITES.**

1. To attend the course, all Soldiers must be Veterinary Corps Active Duty, AMEDD commissioned officers, including those in the Active-Guard Reserve (AGR) Program.

2. VC officers who have completed 6-8-C20 AMEDD OBLC (HPSP/RC) will be permitted to attend the AOC-specific portion of this course, if approved by the Program Director or his designated representative.

C. LENGTH is 12 weeks: 7 weeks of AMEDD common corps training, followed by 5 weeks of AOC-specific training.

**III. REQUIREMENTS.** Soldiers must successfully complete the Commercial Audit block and the Medical/Surgical block of the AOC-specific training in order to receive Commercial Sanitary Audit (Phase 1) Certification and to obtain CME Credits, respectively.

**IV. ACADEMIC EVALUATION REPORTS (AER).** Soldiers attending courses that are not synchronized with an OBLC iteration (e.g., Soldiers who attended AMEDD OBLC (HPSP/RC) prior to graduation and attend course subsequent to graduation) will not receive an AER for the separate course (IAW AR 623-3). They will, however, receive a Certificate of Training, as coordinated by the Department of Veterinary Science, to be recorded on their permanent record.
